## SUMMARY

Seeking a position building modern, elegant user interfaces and improving user experiences. Passionate about excellent work and enjoys building high quality projects that showcase technical skill and creativity.

## TOOLS

- HTML5
- CSS, Sass
- JavaScript, jQuery
- Handlebars, HAML
- Angular JS
- Ajax
- Grunt
- Agile Development
- Git, Github
- Atom
- Illustrator
- Trello

## RELEVANT EXPERIENCE

### The Iron Yard

A three-month immersive programming school that focuses on the development of web applications using JavaScript. Our projects involved everything from web design principles to complex JavaScript applications that manage data.

- Developed semantic web projects using latest open web standards like HTML5 and CSS3
- Utilized a variety of modern JavaScript techniques, plugins, and libraries
- Built projects with Angular inside and outside of a Rails framework
- Worked as a collaborative team member on multiple projects

## WORK EXPERIENCE
